Mineola, N. Y., October 9. — Rain held up virtually all west-bound flyers in the army's trans-continental contest early today at the control stations in Rochester, Buffalo, Bryan and Cleveland.

Weather conditions around Chicago had improved at noon so that the west-bound flyers could continue. East-bound flyers encountered better weather and three pilots were enabled to leave Salt Lake City early today.

Lieutenant B. W. Maynard, the "flying parson" leading the field in the air derby, arrived at Omaha, Neb., at 12:48 p. m. today. He left Chicago early this morning. He made the trip to Omaha from Des Moines, a distance of 118 miles, in one hour and 14 minutes.

Thirty of the 48 machines leaving here had arrived at Buffalo before noon today. A number of others were held up at Binghampton and Rochester.

It was said at the local field four more machines were expected to leave before nightfall.

Gompers Has Plan For Strikers To Return to Work at Once Pending Arbitration.

(By Associated Press)

Washington, October 9. — An immediate industrial truce to continue three months; creation of an arbitration board by the President and Congress, and immediate arbitration of the nation-wide steel strike were among proposals made today to the industrial conference here.

The first two were presented by representatives of the public and the last by the labor group.

Chairman Baruch of the public group made the proposal for the industrial truce, while Samuel Gompers, president of the American Federation of Labor and chairman of the labor group, proposed arbitration of the steel strike.

Mr. Gompers' plan contemplates immediate return of the steel strikers to work, pending the outcome of efforts to arbitrate the dispute.

Gavin McNabb, of San Francisco, proposed a permanent arbitration board, his resolution, which had the approval of the public group, providing that all living ex-presidents be members.

Mr. Gompers' board for arbitration of the steel strike would be composed of six members, two to be appointed by each of the three groups in the conference—capital, labor and the public.

Mr. Gompers also presented a resolution embodying eleven fundamental principles, which, he emphasized, had the unanimous approval of the labor groups, including the representatives of the four railroad brotherhoods.

FEDERAL Double Cable Base TIRES

Prolongs Wear—Saves Money—Prevents Troubles

Like Bolting Tire Firmly to Rim

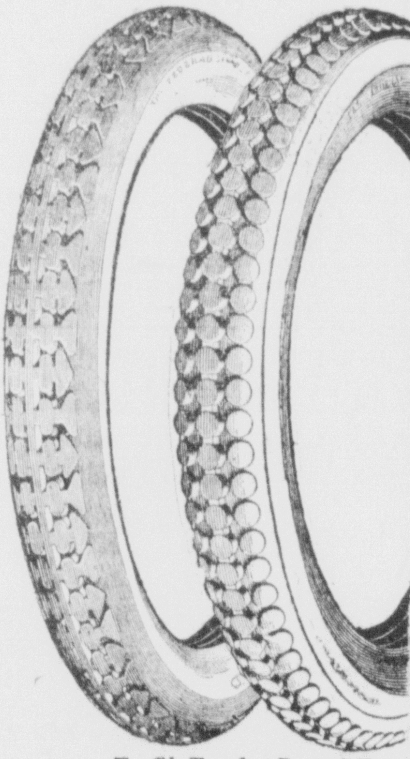

ONE OF the many reasons why car owners prefer Federal tires is graphically shown above.

In the base of every Federal tire are four endless twisted steel cables of great tensile strength that securely clamp the tire's base to the rim.

This positively prevents play between the tire and rim, thus preventing rim wear and the ruinous damage often arising from this cause.

This adds materially to the life of Federal tires, but Federal tires can economize for you only when you use them on your car.

RECALLS CLASH WITH REDS HERE IN THE YEAR '71

With the winning of the National League pennant by the Cincinnati Reds a few of the oldtimers around this city have recalled the appearance here of the famous undefeated Red Stockings of '69 when they played in this city in October of 1871, while on a barnstorming trip.

Mr. Jeff Lindsey, still a strong admirer of the Reds, remembers the game.

During the 48 years that have elapsed since that date the men who opposed the Reds here have separated and the majority are dead. Mr. Lindsey states that the only players he has any knowledge of is Louis Phillips, of East street. The fans who remember the game may be counted on the fingers of one hand.

The game was played in the Pavey bottoms and the score, as remembered by Mr. Lindsey, was 20 or 25 to nothing with the Red Stockings on the winning end. The team was not defeated until 1872, when a team was organized in the East known as the Atlantes, which was able to hold the Red Stockings in check.

At the time the team played in this city the curve ball was not known and the ball was thrown underhand. Wright pitched for the visitors.

Mr. Lindsey states that he was very well acquainted with the members of the Red Stockings.

ANNUAL MEETING HELD IN GRACE M. E. CHURCH

The semi-annual all day meeting of Grace Church W. H. M. S. was held in the church dining room Wednesday and it was a record breaker in point of attendance, interest, and financial results.

Much credit is due Mrs. Wills, the efficient president, for the fine work of this auxiliary. To the centenary also much praise is due for the enthusiasm which it engendered.

At the noon hour a bountiful repast was served by experienced hostesses. Mesdames Briggs, Armstrong, Hays, Todhunter, Griffith, Rachel Darlington, Maddux, Tobin, Judy, Taylor, Christopher and Miss Ida Post. Sixty were served the number including as guests Rev. C. K. Alexander and family, and a good representation from the young folk's organizations.

The attendance at the afternoon meeting was exceptionally large, Mrs. Wills presided; Mrs. Christopher led the devotions assisted by Mrs. Alexander. New members reported were Mesdames Haver, Bushong, E. L. Tracey, Alexander and Eva Penn.

It was decided to finish the comforts, begun during the morning hours on the afternoon of the next regular meeting.

At that time a box of canned fruit will be packed for the McKelvey Deaconess Home, and goods and clothing will be brought in for an industrial home.

Voluntary contributions for the Verne Ervin scholarship fund amounted to \$32.00, and it is hoped that the entire amount may be raised in this manner. A letter of appreciation from Miss Ervin was a part of the afternoon's enjoyment.

A round table discussion of interesting missionary topics was started by Mrs. F. G. Carpenter and splendidly supported by Mesdames Tobin, Christopher, Wills, Hays and Kennedy.

Rev. Alexander closed the discussion with a brief but stirring speech that showed his attitude toward church organizations, and his broad conception of the responsibility of the church in helping to solve the problems that confront our nation today.

The pledge of loyalty to the church made by the W. H. M. S. in 1884, was reaffirmed by Grace Church Auxiliary in compliment to the new pastor for his evident interest in the work of the organization.

GAME A SLUG FEST

Chicago Outplayed in Every Angle of Game

Old Sol Came to Aid of Sox in Final Innings When Two Flys were Lost by the Red Fielders.

(By Associated Press.)

Comiskey Park, Chicago, October 9.—The Cincinnati Reds are the baseball champions of the world, having defeated the Chicago White Sox here today for the fifth time in the world's series of 1919.

Today's score was 10 to 5. The Reds indulged in a hitting field day, driving two Chicago pitchers from the mound and hitting the third one hard.

The American Leaguers staged a rally in the eighth by combining several clean hits off Eller with an unfortunate occurrence for Cincinnati when Neale completely lost a ball in the sun and while they tallied four runs they were still far behind.

The Reds made sixteen hits, the highest total for one game made during the series.

The game was also the longest of the series, lasting two hours and twenty-seven minutes.

FIRST INNING.

The first ball pitched by Williams split the plate, but Rath did not make a bid for it. Rath opened the contest with a pop fly that Risberg got in short left. Daubert singled to center. It was a line drive that Leibold made a great effort for, but could not quite reach before it touched the ground. Groh fouled the first one. Groh fouled the third ball into the left field pavilion. Groh singled to right. It was a short hit that cleared over first base and Daubert held second. Roush doubled past first base to the right field pavilion fence, scoring Daubert and putting Groh on third. Duncan doubled to left field, scoring Groh. It was a line drive that went over Weaver's head and Jackson fielded in the extreme left field corner. This was enough for Williams and James went into the box for Chicago. James could not locate the plate properly and walked Kopf. Duncan still on second. Neale took a terrific swing at the second strike but missed. Neale fanned, the first ball being called on him. James almost made a wild pitch but Schalk recovered the ball before any damage could be done. Rariden lifted a Texas League hit over first base, scoring Duncan and putting Kopf on third. Eller up. The crowd gave Eller a great ovation. Rariden stole second. Eller ended the inning by flying out to Felsch. Four runs, five hits, no errors.

The Reds displayed the most consecutive hitting of the series in this inning. Their wallpops off Williams were all clean hits.

Eller's first ball pitched was over the pan. Leibold started with a clean single to left that Duncan fielded fast and prevented him from making it a double. Eddie Collins dou-

third. Ring began warming up for third. Riny began warming up for Cincinnati. Weaver fanned. Eller got his first victim when he slipped the third strike over on Weaver. Jackson lifted a fly that Kopf captured in back of third. Leibold held third and E. Collins second. Felsch swung at the second one but failed to connect. Felsch fanned. The Sox hit Eller hard at the beginning of their batting but he tightened up and the third man up pitched himself out of a bad hole. No runs, two hits, no errors.

SECOND INNING.

Rath struck out. James got Rath in the three and two hole and slipped the third strike over on him. Daubert fled out to Jackson who got the ball after a short run. Groh called for the ball and examined it but the umpire ruled it was O. K. Groh singled to Gandil. The latter got the ball back of first but could not get up in time. Groh turned his ankle when he stepped on first base and play was delayed but he resumed and took his position on first base. Roush doubled to left field scoring Groh on the hit but Roush was caught between second and third when Leibold threw to Risberg and in the rundown Schalk and Weaver got assists while Eddie Collins finally put the ball on him. One run, two hits, no errors.

Gandil line fled out to Daubert. Eller had trouble locating the plate and walked Risberg. Again the ball was examined by Schalk and the umpire, but it was returned to Eller. Rariden dropped Schalk's high foul and was given an error. Schalk again wanted the umpire to examine the ball and he tossed it back to Eller. Schalk singled to left, Duncan came in fast but the ball hit the ground first. Risberg reaching second. James up. James hit a high foul to Groh and neither base runner advanced. Leibold struck out, taking a healthy swing at the last one and hitting only atmosphere. No runs, one hit, one error.

THIRD INNING.

Weaver took Duncan's high bounder and threw him out at first. Weaver came over fast, getting Kopf's grounder and throwing to Gandil for the put out. Neale, thinking the ball had been touched before it rolled foul stayed on first base and the crowd booed him. He resumed his place in the batter's box and fouled the next ball. He then drew his fourth ball and walked. Neale was caught stealing. Schalk to Eddie Collins. No runs, no hits, no errors.

JACKSON'S HOMER

Eddie Collins line fled to Duncan. It was a hard hit drive but almost directly into the hands of the Red left fielder. Weaver hoisted a high fly that Rath made a circus catch of, going back and barely getting it. The outfield moved back for Jackson and he put one into the right field bleachers for a home run. It was the longest hit made during the series at this park. Neale, who was playing deep, backed up to the fence and waited for the ball to go over his head. Kopf took Felsch's grounder and tossed it to Daubert for the third out. One run, one hit, no errors.

FOURTH INNING.

The crowd gave Jackson a big ovation as he took his place in left field. Rariden lined into Gandil's hands for the first out. Eller was hit by the first pitched ball and trotted to first. Rath attempted to sacrifice but the ball rolled foul. Rath singled to second base, Risberg managing to stop it but could not recover it in time for a put out. Eller taking second. Daubert singled to center and Eller was caught at the plate, when Leibold made a wonderful throw to Schalk. Rath reached third and Daubert second on the throw to the plate. Groh popped out to Eddie Collins. No runs, two hits, no errors.

Gandil hoisted to Neale who caught the ball in right center while on a full run. Risberg struck out, the last strike being a foul tip that Rariden held on to. Groh gathered in Schalk's grounder and threw him out at first. No runs, no hits, no errors.

FIFTH INNING.

Eddie Collins got Roush's grounder and threw to Gandil for the put out. Duncan line fled to Eddie Collins. It was a wicked drive that Collins

appeared. Kopf tripped to right the ball going over first base and reaching the extreme right field corner before Felsch retrieved it. Neale singled between third and short and Kopf scored. Rariden examined the ball and threw it back to James. Neale stole second. Schalk's throw was a little to the left of the bag. James almost caught Neale with a quick throw to second. Risberg threw Rariden out at first. One run, two hits, no errors.

James fouled one that hit his foot and bounced on fair ground. The umpire called it a foul. James struck out. Kopf made a great stop of Leibold's grass cutter and got the ball over to first ahead of the runner. Kopf also took Eddie Collins's grounder and threw to first for the put out. No runs, no hits, no errors.

SIXTH INNING.

Eller singled through the box. Every Cincinnati player has now made at least one hit. James got Rath in the three and two hole and then walked him by pitching one wide. Eller on second. This finished James and he was ordered from the box by Manager Gleason. Wilkinson relieving him. Wilkinson's first offering was extremely high but Schalk held on to it. Daubert attempted to sacrifice but fouled it. Daubert bunted in front of the plate and schalk threw wild to catch Eller at third. Eller reached 3rd safely. Rath taking 2nd and Daubert first. Groh fanned, striking at the final one. Roush struck so hard that the bat flew out of his hands and went almost to first base. Roush singled over Eddie Collins' head, bringing home Eller and Rath and putting Daubert on third. The infield was playing in for the play and the ball took a high bound just out of reach of Collins. Duncan singled to right scoring Daubert and putting Roush on third. Duncan took second on the throw to catch Roush at third. Kopf walked. Neale forced Roush at the plate when Weaver grabbed his drive and threw to Schalk. Kopf was caught off second by a snap throw. Schalk to Risberg. Three runs, three hits, one error.

All nine men on the Cincinnati team faced the pitchers in this inning.

Weaver singled over first, the ball taking a nasty bound and hitting Daubert on the shins. Jackson hoisted a long fly that Roush got. Roush was playing extremely deep. Roush, also took care of Felsch's high fly. Neale camped under Gandil's fly and captured it. No runs, one hit, no errors.

SEVENTH INNING.

Felsch took Rariden's fly, the latter hitting at the first ball pitched. Eller struck out, striking at but missing the third one. Rath walked. Rath stole second. He got off to a good lead and beat the throw. Daubert also walked. Wilkinson was wild at this juncture. Groh hoisted to Leibold for the third out. No runs, no hits, no errors.

Risberg hoisted one to Rath in short right center. Schalk lifted a high foul that Rariden got under and caught. Wilkinson struck out. No runs, no hits, no errors.

EIGHTH INNING.

Eller appeared to be growing stronger as the game progressed. Roush was hit by the second pitched ball and walked to first. Wilkinson claimed he was not hit but the claim was not allowed. Duncan sacrificed. Wilkinson to Gandil. Kopf hoisted a foul to Weaver. Neale walked after getting Wilkinson in the three and two hole. He drew another bad one and walked. ENTERS THE BEYOND
AFTER LONG ILLNESS

Mr. William A. Miller, esteemed resident and loyal Civil War veteran, of Milledgeville, passed quietly into the great beyond Wednesday night, after a lingering illness, which confined him to his home the greater part of the last year.

He was a man who had many friends by no means confined to his immediate vicinity and especially to his loss felt among the G. A. R. comrades with which, as a member of the Milledgeville Post, he had been closely associated.

Mr. Miller was 76 years old last month, and although born in Ross County, most of his life had been spent in this county. He served throughout the entire Civil War and in 1869 located in South Plymouth, where his home has since been made.

Mr. Miller was known as one of the best builders in that section of the county and connected with the erection of a large number of the homes of the Milledgeville-South Plymouth neighborhood.

He is survived by a widow, who was formerly Miss Lacy Ford, a sister of Messrs. James and Will Ford, of this city.

Funeral services will be held Saturday afternoon at two o'clock at Milledgeville—burial in the Ford family lot of the Plymouth-Milledgeville cemetery.

LONGSHOREMEN'S
STRIKE MAY TIE
UP PORT OF N. Y.

(By Associated Press.)

New York, October 8.—The unexpected strike of thousands of longshoremen, which threatens to tie up the port of New York, was attributed directly to I. W. W. agitation by T. V. O'Connor, president of the International Longshoremen's Union, who declared that the walkout, unauthorized, would not receive the support of the international union.

Eight hundred longshoremen and 100 checkers employed on the Pennsylvania railroad's piers at Jersey City struck today in sympathy with the New York wharf workers and for the same terms, \$1.00 an hour for the longshoremen and \$7.00 a day for the checkers. Various ocean going steamers were delayed.

SON IS MISSING AFTER INJURIES IN MOTOR WRECK

W. S. Fogle, of This City,
Seeking Son Who Disap-
peared Ten Days Ago.

Believe Son Dazed by Injuri-
es and is Wandering
About in Ohio.

Mr. W. S. Fogle, of the Fogle Hardware store of this city, left Wednesday for the purpose of aiding detectives and the police of many cities in an effort to locate his son, William H. Fogle, who has been missing since September 29th, and who is believed to have been so badly injured about the head when his motor truck was wrecked near Roseville, Union county, that he has not been in possession of his mental faculties, and has forgotten where his home is.

The missing son is a twin brother of Mr. George Fogle, who is associated with his father in business in this city, and is 26 years old, weighs 135 pounds, has smooth face, light brown hair and high forehead. He has been in charge of a store at Broadway, O.

The young man started from Broadway to Roseville, Ohio, Monday, September 29, with a Ford motor truck. About two miles from Roseville his truck turned over and caught fire, with the result that it was virtually destroyed.

Fogle was injured about the head and was found in a field some 200 yards from the wrecked car. Later while in a dazed condition, he is said to have left on an interurban car for Zanesville.

The first the family knew of the son's disappearance was when some farmer living near the wrecked truck, obtained the father's address in this city and wrote to him, with a view of purchasing the burned truck.

Mr. Fogle then went to the scene, identified the truck, obtained all the information he could, and fearing that the young man might have met with foul play, has employed detectives and asked the Columbus police to assist in locating his son.

The missing man has a wife and four children at Broadway, Ohio.

FAYETTE FARM BUREAU NOTES

(By L. H. Goddard, Sec'y.)

Small Threshing Rigs
Recommended for Ohio

Many small groups of Ohio farmers this year have purchased small grain separators capable of being run by the ordinary tractor. Sometimes the tractor has been purchased also. The plan has worked out excellently, according to R. F. Taber, farm management specialist of the

College of Agriculture. The men get their threshing done in season, less help is required, and so the work is practically all done by exchange of labor. Furthermore, the grain threshed per day in proportion to the help required compared favorably with the large custom rigs, and the expense per bushel is considerably reduced.

Suggestions for
Growth of Bulbs

The annual supply of fall bulbs has arrived from Holland in normal condition. Prices are about the same as usual. In order to secure the best bulbs, A. C. Hottes of the College of Agriculture, suggests that persons buy the named varieties by color as these are superior to the ordinary mixtures. He also cautions against planting too late, since the roots should have a chance to grow before cold weather. Beds should not be protected until after a good freeze; otherwise, an abnormal growth will be caused that will be injured later.

AUTO RACES NEXT SATURDAY

Final details were completed late Tuesday afternoon for running of the 300 mile automobile race, originally set for last Sunday at the Cincinnati Speedway, on next Saturday afternoon, October 11th. A consultation was held during the day with all the fifteen drivers entered in the race and without exception they expressed their willingness to remain over and fulfill their engagements as originally made.

POULTRY PAYS

for this work was a common occurrence, even in Fayette county.

In Clinton county, where they were at first inclined to laugh at the report from this county that a work man had had \$60 per week cutting corn, it has come to light that William Alexander, of Clinton county was paid \$72 for a week's work with his corn knife.

With this enormous price paid, some cutters were insisting upon still higher prices, and before they would pay such exorbitant prices, many farmers permitted much of their corn to stand on the stalk in the field.

Relieves After Effects of Breaks and Sprains

Recovery from fractures and sprains is slow enough at best, but there is no use to be laid up any longer than absolutely necessary. Massage the injured part gently with Houstonia daily. Aching and soreness will quickly go.

The case of E. E. Downing, who lives on Walnut St., in Waverly O., is one of the many proofs of what Houstonia will do. Says Mr. Downing, "Some time ago, I had the misfortune to break my leg. I tried several remedies without results, until I began using Houstonia Liniment, and am glad to testify that the results were beyond my expectations."

On rheumatic joints and swellings too, Houstonia has an almost magical effect. Better get a bottle from your druggist and keep it handy. \$1.00—half size 50c, trial size 25c. Ask for House-to-see-ah (The Original Jones' Liniment), and look for Dr. Jones' picture on the yellow wrapper. The Dr. J. C. Jones Co., So. Charleston, O.—Adv.
